What Is Going On In the Gymnasiums.

NOW FOR OUTDOOR WORK

Baseball Teams Are Organizing and the Fields Are Being Shaped Up.

The unfavorable condition of the weather has given rather a set-back to out-door practice by local athletes, and it comes at a had time, for now the men in their various times are just beginning to get into good working shape, ready to take on the fin-taking tourthes "for form" and "atay." Indoor work with its limited possibilities

The entermanment given for the stab benefit on Thursday creating was decidedly a big success, financially and artistically. It is probable that the affair may be repeated at an early date.

The management is still unsettled as to a baseball team during the coming season. There is plenty of excellent material, but no one seems, anxious to take the responsi-bilities of manager.

It would be unfortunate should there be no team to represent the infantry, especially
